

Can I change my Username and Password?

Yes, once registered and logged in, from the **Home > Member Area** page select **My Account** and **Preferences** from the menu options listed.

In **Preferences** there will show a number of different options (by tabs), the second tab allows you to amend your **Username** and **Password**.

Once you have amended your login details click [beneath each section] **Save Username/Save Password**.

This change is activated immediately.
